HIGHWAY IMPROVEMENT PROJECT | *July - September 2026*

Poltair Terrace
Heamoor

As part of our planned improvement works, a road closure will be in place along Poltair Terrace from Monday 27 July to Wednesday 2 September.

The road will need to remain closed for the duration of the project. For safety reasons we cannot reinstate access outside of working hours.

Given the location of the work and proximity to the school we need to schedule the work outside of the school term. Our teams will be on site between 7.00am and 5.00pm, Monday to Friday.

To enable us to carry out the work efficiently, please do not park or obstruct the works area during working hours.

Please be assured we will make every effort to minimise disruption. We understand this may cause some inconvenience and would like to thank you for your patience and cooperation.

What work is taking place?

The scheme was developed following work to explore a School Street at Mounts Bay. While the School Street was not implemented permanently, a number of measures were identified to help encourage more people, particularly pupils, to walk and cycle to school.

The works include widening footways and installing a pedestrian refuge to improve safety and accessibility, as well as enhancements to crossing points to make them more visible and easier to use.

Together, these improvements will help create safer and more attractive routes for people travelling on foot or by bicycle and support healthier, more sustainable journeys to school.

Access arrangements

Suitable barrier systems will be in place to safely separate and guide pedestrians around our works.

Vehicle access will be maintained for residents but please be aware there may be short delays. Our site team will communicate directly with any residents affected by our work to ensure smooth coordination.

Please be supportive by respecting and responding to any restrictions and the safety instructions given.

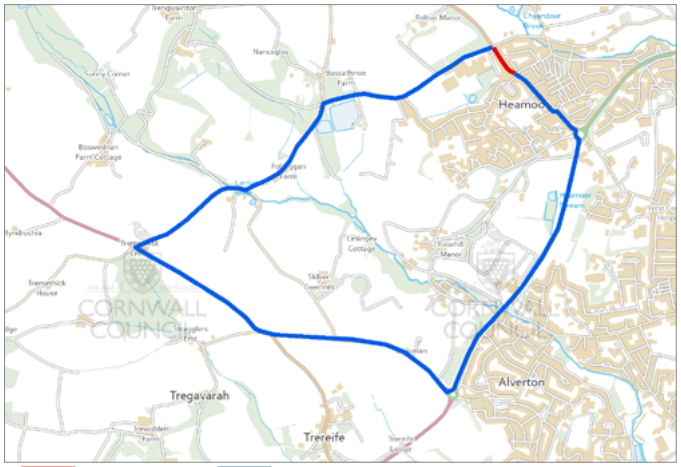
While the road closure is in place bus services will run from Boscathnoe Way and Boscathnoe Lane.

For information about changes or disruptions to bus services, please visit https://www.transportforcornwall.co.uk/service-updates for the latest updates.

Diversion

Signs will be placed at major junctions prior to the closure on the key routes to take non-through traffic away from the closure and keep traffic disruption to a minimum.

Diversion routes need to be suitable for the traffic that would normally use the closed road. They can be quite long, but are necessary to guide road users safely around our works.



Works in your area

For up-to-date information about roadworks, road closures and diversions, affecting the road network, please visit: one.network

To find out what we are doing or planning in your area, please see the programming pages on our website: https://www.cormacltd.co.uk/in-your-area/cornwall/

Getting in touch

For enquiries regarding the footway improvements, please email: enquiries@cornwallhighways.co.uk

You can report an issue on a road, highway, or footway on the Cornwall Council website: www.cornwall.gov.uk/reportroad

If there is an issue which is a threat to public safety, please telephone 0300 1234 222 (24-hour service) giving details of the location.
